

# DANGER IN POMPEII

## Confidentiality Policy

We strongly support the right to privacy when playing “**Danger in Pompeii**”. Our privacy policy aims to create a safe and optimal gaming environment for all players, especially for children.

1. **By downloading and using our mobile app**, you are not required to provide any information, and we do not collect any personal data about you or your device.

### 2. Support Interactions

When handling support requests from you, we collect:

- your email address
- any other metadata which may be contained in the email header
- any information you provide voluntarily.

This information is collected solely to help resolve your support inquiry.

We retain support emails in order to:

- have information from previous interactions which may help us answer your future questions more quickly and accurately
- identify broad trends in support requests, which may help us solve problems with our game.

If you would like to remove support emails you have sent, contact [dangerapompei@rosey.ch](mailto:dangerapompei@rosey.ch).

### 3. Advertising and In-App Purchases

The game is free and contains no third-party ads or in-app purchases.

### 4. Updating

Our privacy policy might be edited for clarity over time. A notification will appear on the App page and up-to-date information will always be available from this page.

### 5. Questions and Feedback

Please contact us at [dangerapompei@rosey.ch](mailto:dangerapompei@rosey.ch) if you have any questions about our privacy policy.

## ABOUT OUR TEAM

Our team is composed of two entities:

Le Rosey Foundation

**LE ROSEY:** a prestigious international school based in Switzerland: a teacher of the school, expert on Pompeii, supported by teachers from several departments, led about fifty students aged 10 to 16 who were involved in the entire process of creating the game. Le Rosey Foundation, dedicated to promoting access to education, is happy to offer this game to all those wishing to discover Pompeii in a fun and engaging way.

dna studios  
MAKE THINGS UNIQUE

**DNA Studios:** an award-winning developer of educational video games with international recognition: responsible for the actual production of the game, the studio worked closely with the school to design the adaptation of the educational content into an adventure game format and oversaw the technical aspects of the students' work.
